

HOLLY LAKE VOLUNTEER FIRE DEPARTMENT
Regular Training Meeting Minutes
January 7, 2014

Members: 15

Guests: 3- Aaron MacZuga (2nd meeting), Donnie Moss (EMS), Brandon (EMS)

1. With the recent outbreak of the flu **PLEASE wear gloves on ALL medical calls.** Remember that even though you don't touch the patient, you do touch doorknobs and such. Also remember, when you answer the night calls, get a flashlight out of the truck so you can see where you are walking.
2. **Pipeline Training: January 8th @ 11:00 in Sulphur Springs.** Meet at the station @9:30 if you plan to attend, we will leave @9:45.
3. **Golf Tournament: April 15th with a rain date of April 22nd.** We will discuss who will be chairperson at a later date.
4. **Paul:** When the check off sheets for the trucks are full put them in the file cabinet in the cascade room and if you do any kind of maintenance on any of the trucks please register it in the notebook that is in that same cabinet.
5. **Travis:** If something happens while you are driving a truck (i.e. you run over something or run into something) tell someone so whatever damage there is can be fixed. Don't just park it back and say nothing as it can be hazardous to the next people in the vehicle.
6. **Al:** Still having a problem of people taking things off of 843 and either not putting them back in the right place or not putting them back at all. If you don't know where things go please let Al or Dawn know so they can put them in the correct place. AND if you get fuel off of 843 let them know so it can be replaced. If we get out and need fuel for the generator or one of the chain saws we will not have it if it is not replaced. Paul said that he tries to keep gas in 2 big gas cans by the workbench.

Tonight's Training:
How to set up our scene lights.
